

13th Annual Graduate Student Colloquium in Armenian Studies
University of California, Los Angeles, Friday, February 8, 2015

We enthusiastically invite graduate students and recent post-docs (Ph.D., within the last two years) in **fields associated with Armenian Studies (broadly defined)** to present their recent research. Work in progress is encouraged. We invite research papers on all aspects of Armenian studies, including, but not limited to: literature, history, gender studies, sociology, anthropology, economics, art history, and much more. We welcome comparative themes and interdisciplinary approaches. Panel submissions are also welcome.

Applicants must e-mail presentation abstracts of no more than 250 words and their curriculum vitae by September 30, 2014. Abstracts should provide a brief description of the work, clearly outlining the theoretical perspectives and methodology to be applied in the paper.

Please attach the required documents in the form of a Word document. Please note that a 20-minute time limit for presentations will be strictly enforced (roughly 8-10 pages double-spaced). Invited participants will be required to submit a draft version of their full presentation by December 21, 2014.

A reception will be held on the Wednesday evening prior to the event to welcome the colloquium speakers. Students will have an opportunity to meet with faculty and students on campus, tour Armenian Studies resources, and visit Armenian Studies classes. The colloquium will conclude with a reception.

Priority of acceptance will be given to those who have not presented at the colloquium before. Limited travel grants will be available to assist those who would otherwise be unable to attend. Travel grant applications will be sent to all invited participants.

To submit abstracts or for more information please contact the UCLA Armenian Graduate Students Association Colloquium Committee at: colloquium.agsa@gsa.asucla.ucla.edu.

Please address the subject line of your email in the following manner: 'Submission, [NAME], 2015 AGSCinAS.'
